MCKV Institute of Engineering Hosts Tech Fest - PRAGATI 2015

Kolkata, 17th April, 2015: MCKV Institute of Engineering (MCKVIE) today kick-started the two-day 'Tech Fest- PRAGATI 2015'.

The major attraction of the day was the session on “**Robotics Prelims**”- a creative implementation of the students of various colleges with the latest technological trends.

“We have always been proud of our students who have attained heights in their endeavours. And as much as I understand, college fest is a platform where students are our prime focus and it is always a ground for talent hunt and an undefinable innovation. We look forward to more such platforms for the future leaders of our country”, said **Mr KK Kejriwal Managing Trustee, MCKVIE**.

Innovation forms an integral part of every engineer's life. Generally the curriculum does not always suffice in developing the creativity and the knack for coming up with innovative ideas. The event on 'Robotics' at **Pragati** is one of the most sought after events in this year's fest. There are different categories in this competition under the core head **Robotics Prelims**, they are **Robo soccer, Inferno, Line follower and Chase the Maze**. All these events required a team's participation. These events had inwardly helped develop a sense of team work amongst the students and to work with high end technological improvements. There were also other highlights of the event like **Arcane (Treasure Hunt), Mathemania, CODE STORM (C Programming), Gaming Prelims** and many more.

There were 16 participating colleges along with schools in the Tech Fest. Some of them were **Surendranath College, Rishra Bidhan College, Bangabasi College, JLD College of Engineering, and Dinabandhu College** among others.

About MCKV Institute of Engineering

MCKV Institute of Engineering, an AICTE approved Institute, affiliated with West Bengal University of Technology, a World Bank (TEQIP II) funded, ISO: 9001-2008 certified Institute was established in 1999 as the pioneering self-financing degree engineering college in the District of Howrah, West Bengal. Renowned industrialists, distinguished educationists, reputed social workers and men of standing, under the leadership of eminent industrialist, Mr. Shyam Sundar Kejriwal established the College with a vision to impart quality technical education. The Institute offers 4-Year B. Tech Degree courses in the following streams on Automobile Engineering, Computer Science and Engineering, Electronics and Communication Engineering, Electrical Engineering, Information Technology, and Mechanical Engineering. The Institute also offers 3-Year Master of Computer Applications (MCA) and 2-Year M-Tech Programmes in Electronics & Comm. Engineering, ECE (VLSI Design), Computer Science & Engineering and Automotive Technology.
