It was only during the planning of Urban, we decided to gift the City Of Joy something that Kolkatans have never experienced before and with that came the idea of introducing Churrasco. Our Chefs have learned the Brazilian culinary techniques- from cooking to the service, everyone will have the experience of an authentic Brazilian Churrasco at Urban, Holiday Inn Kolkata Airport. It is all about different meat cuts and grills but here we are also providing variety of grilled vegetarian options as well. Lava stone grill is used in preparation of the Churrascos in Urban.
